County and City Teaming Up to Provide Water

Webb County Commissioner Precinct 1 Mike Montemayor and City of Laredo Manager Carlos Villarreal have teamed up to bring some much-needed water relief to the City of Rio Bravo.

The city is currently under a boil water alert.

The City of Laredo is providing a water tank truck to take six thousand (6,000) gallons of water to residents of Rio Bravo.

The tanker will be available at the Rio Bravo City Hall. Residents are encouraged to get the necessary water they need at no charge.

Other locations for water distribution will be announced Thursday.
